

# SOSA 2015 Programme

## 20th November - morning

Time	Topic	Chair / Presenter
<b>09.00 – 09.20</b>	<b><i>Welcome and Introduction</i></b>	
09.00 - 09.10	Welcome to SOSA	Søren Niegel
09.10 - 09.20	Presentation of scientific programme	Henrik Jacobi
<b>09.20 - 10.20</b>	<b><i>Session 1 - Early development of allergic disease</i></b>	<b><i>Chair: Ronald Dahl</i></b>
09.20 - 09.40	Dendritic-epithelial cell crosstalk underlying the allergy epidemic	Bart N Lambrecht
09.40 - 10.00	Epigenetics: environmental influence on gene expression	Harald Renz
10.00 - 10.20	Early immune development and allergy	Susan L Prescott
<b>10.50 - 12.10</b>	<b><i>Session 2 - Progression of respiratory disease</i></b>	<b><i>Chair: Tilo Biedermann</i></b>
10.50 - 11.10	The allergic march in childhood: progression to respiratory disease	Patrick G Holt
11.10 - 11.30	Immunological mechanisms in allergic rhinitis	Frode L Jahnsen
11.30 - 11.50	Asthma phenotypes in children	Jocelyne Just
11.50 - 12.10	Mechanisms of asthma by a systems biology approach	Judith A Woodfolk
<b>12.10 -12.40</b>	<b><i>Keynote presentation - Are there beneficial roles of allergy and anaphylaxis?</i></b>	<b><i>Stephen J Galli</i></b>

# SOSA 2015 Programme

## 20th November - afternoon

Time	Topic	Chair / Presenter
<b>13.40 - 14.40</b>	<b>Session 3 - Immunology</b>	<b>Chair: Stephen R Durham</b>
13.40 - 14.00	Regulatory cells in allergy	Liam O'Mahony
14.00 - 14.20	Immunologic mechanisms in AIT	Mohamed H Shamji
14.20 - 14.40	Biomarkers in allergy immunotherapy	Guy W Scadding
<b>14.40 - 15.10</b>	<b>WAO Henning Løwenstein Research Award</b>	
<b>15.40 - 16.40</b>	<b>Session 4 - Anaphylaxis and venom allergy</b>	<b>Chair: Victòria Cardona</b>
15.40 - 16.00	Anaphylaxis, pathogenesis and treatment	Margitta Worm
16.00 - 16.20	Treatment of insect venom allergy	Franziska Ruëff
16.20 - 16.40	Venom allergy, treatment and endpoints	Maria Beatrice Bilò
19.00	<b>Congress dinner at Villa Miani</b> <i>Speaker: G Walter Canonica, SOSA Scientific Committee</i>	

# SOSA 2015 Programme

## 21th November

Time	Topic	Chair / Presenter
<b>09.00 - 10.00</b>	<b>Session 5 - House dust mite allergy</b>	<b>Chair: G Walter Canonica</b>
09.00 - 09.20	Pathophysiology of house dust mite allergy	Santiago Quirce
09.20 - 09.40	House dust mite allergic patients	Giovanni Passalacqua
09.40 - 10.00	HDM allergy diagnosis and candidates for allergy immunotherapy	Jörg Kleine-Tebbe
<b>10.30 - 11.50</b>	<b>Session 6 - Allergy immunotherapy</b>	<b>Chair: Moisés A Calderón</b>
10.30 - 10.50	Sublingual immunotherapy for HDM induced allergic rhinitis	Glenis K Scadding
10.50 - 11.10	Sublingual immunotherapy for HDM induced allergic asthma	Victòria Cardona
11.10 - 11.30	Allergy immunotherapy: clinical relevance and recommendations	Pascal Demoly
11.30 - 11.50	Exposure chambers as a tool to monitor efficacy of AIT	U Petra Ziegelmayer
<b>12.20 - 13.40</b>	<b>Session 7 - New horizons</b>	<b>Chair: Anthony J Frew and Thomas B Casale</b>
12.20 - 12.40	Primary prevention of allergic respiratory disease	Graham C Roberts
12.40 - 13.00	New allergen specific approaches to therapy	Lars K Poulsen
13.00 - 13.20	Immunotherapy beyond the niche	Henrik Jacobi
13.20 - 13.40	Concluding remarks	Anthony J Frew
